

If you have trouble proceeding to checkout after adding items to your cart you may want to try the following.

With the cart still on your screen...

- 1- At the top of your browser window click **Tools** then scroll down to **Internet Options**.

- 2- Make sure both **Use SSL 3.0** and **Use TLS 1.0** are clicked on.
- 3- Click **Apply then OK**.
- 4- Proceed to checkout.
